

Keep off my lawn!

```
adultsOnly : IO (Provider Bool)
adultsOnly =
  do oldEnough <- confirmAge
  if oldEnough
    then do putStrLn "ok"
           return (Provide True)
    else return (Error ("Only adults may " ++
                        "compile this program"))

%provide (ok : Bool) with adultsOnly
```
